Education

Tezpur University, Assam • Branch : Computer Science and Engineering CGPA : 7.04	2023-2027
Salt Brook Academy, Dibrugarh • <i>AHSEC (Class XII), Percentage : 86.4</i>	2020-2022
Shankardev Shishu Niketan, Bordoloni • <i>SEBA (Class X), Percentage : 95.6</i>	2008-2020

Skills

C++ | C | Python | JavaScript | React.Js | NodeJs | ExpressJs | Git | Flutter | MySQL| MongoDB

Work Experience

Winter Intern at Indian Oil Corporation Limited, Guwahati (Information Systems)	Jan 2026
Software Engineering Virtual Experience – JPMorganChase (Forage)	Mar 2026

Projects

<u>K-Means Image Segmentation Web App</u> <u>(GitHub)</u>	Apr 2026
- Developed an interactive web application using Streamlit to perform image segmentation. - Implemented K-Means clustering to group pixels based on RGB values. - Enabled dynamic selection of cluster count (K) for real-time visualization. - Utilized NumPy, Scikit-learn, and Matplotlib for efficient computation and visualization.	
<u>JPMorganChase Software Engineering Job Simulation (Forage)</u>	Mar 2026
- Built a Spring Boot microservice integrating Apache Kafka for real-time transaction processing - Implemented transaction validation and persistence using Spring Data JPA with H2 database - Integrated external REST API for incentive processing using RestTemplate - Developed RESTful APIs for querying user balances with layered architecture - Tested system using JUnit and embedded Kafka to ensure reliability - Tech: Java, Spring Boot, Kafka, REST APIs, JPA, H2, Maven	
<u>AI-Powered Chatbot for IOCL Queries</u>	Jan 2026
- Developed an AI Chatbot using Python and Flask to automate IOCL internal query handling. - Implemented NLP logic (NLTK) to interpret user intents and provide real-time, accurate responses. - Designed a responsive web UI using HTML/CSS/JS integrated with a JSON-based knowledge system. - Streamlined information access by digitizing manual documentation into a searchable digital assistant.	

Attendance Manager Web Application

Feb 2025

- Developed an Attendance Manager using JavaScript, HTML, and CSS for real-time tracking.
- Implemented data persistence via localStorage to save subject records across browser sessions.
- Engineered dynamic UI updates to instantly calculate and display attendance percentages.
- Designed a responsive interface utilizing CSS Flexbox and Media Queries for mobile compatibility.

Inter-College Social Media Platform

Oct 2024

- Developed a platform with university email verification for secure access
- Implemented role-based login for students and faculty

Academics and Extracurricular Activities

- Indian Classical Music | Assamese Folks : Borgeet | Instruments : Harmonium , Guitar
- State Rank 15th in the SEBA HSLC'20 Examination

Positions of Responsibility

Tezpur University Student's Council, Music Convenor

Sept 2024 - Aug 2025
